Subject: RE: Clean Bay Certified and Rethink Disposable- call at 11 AM this Thursday?

Hi Grace,

How about 11 AM this Thursday, January 25?

Heather, does that work for Tom? I'm available until 3:30 PM if it doesn't.

Grace, what time is your meeting on Monday, January 29?

Thanks everyone,

Erica

Hi Erica,

Yes, let's have you call in. Are you available to chat about it this week? We can discuss timing for this. It may be fitting for you to talk about the NEP's role in this project and how you envision sharing the model with other NEPs. I am available today, tomorrow after 2 pm, and Thursday anytime.

Attached is the updated SOW and schedule.

Hi Grace and Tom,

Again, really glad to hear that the kickoff meeting is planned. I would be really interested in calling in for at least a portion of the meeting. Can we discuss?

Do you have an updated schedule and scope of work you can share?

Best,

Erica

Thanks for the cc. Have you all discussed yet?

The kick-off meeting will be held next Monday, January 29th, so March works well with our timeline. We will have more to say about the audit process and our progress working with three case study restaurants. After our kick-off meeting, our staff and Joanne will continue with field training, including 3-4 restaurants visits. By the end of February, we may have the first restaurant selected and on-board. I can prep Tom to present or I can attend for TBF. Tom and I can discuss further.

Tom:

My name is Romell Nandi – I work for both the NEP (as the HQ coordinator for Buzzards Bay and Narragansett Bay) and Trash Free Waters (TFW) programs at EPA HQ.

As you know, there will be an EPA-NEP workshop at EPA HQ from **March 13-15**. As part of that 90-minute session (see attached), we would love for you to speak for 10 minutes (slides or no slides – up to you) about the Santa Monica Bay Clean Bay Certified Restaurant Source Reduction Program that EPA HQ contributed \$25,000 to in FY17. We think that would be a great project to have the other NEPs hear about (I believe Mobile Bay is already interested in doing something similar with ReThink Disposable).

Would you be willing to speak about your project during the TFW session?

One other thing – if you look at the **11:30-11:50** part of the session, we would like to have the panel remain on stage to help us consider and talk through the sample questions. The discussion would be for everyone in the room, however.

I would be happy to speak to you about this at your convenience, if you want to learn more. In any case, please let me know your thoughts as soon as it is convenient.

Thanks.

Romell Nandi
